

## FUNKIS

## WORKPLACE

Design Axel Bjurström for Deskstore of Sweden

FUNKIS is a elegant and light table stand for the modern workspace.

Together with Bisley "Multidrawers" and Table top "Bron" FUNKIS completes this modern home office desk.

Create your own unique desk with the generous Bisley color palette and the two sided Bron table top in black/white.

The steel arch gives FUNKIS a very spacious, yet strong and stable construction.

The classic chromed surface guarantees a graceful aging.
